VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, SEPTEMBER 29, 1923.

NUMBER 76.

HAIL DAMAGE IS HEAVY IN NORTH PART OF COUNTY

Storm of Wednesday Night
Devastates Considerable
Area in Vicinity of Tolbert
and Fargo—Heavy Wind
and Rain Accompanies Hail
Doing Some Damage

Considerable damage to feed and cotton crops resulted from hail in certain sections of Wilbarger county Wednesday night. The most serious damage was done through a strip of territory extending from near Tolbert crossing north of Fargo. Through a considerable portion of the strip covered by the hail the crops are a total loss.

East of Vernon, around Oklahoma some damage is reported, with serious losses to crops north and northeast of Oklahoma. The hail was accompanied by rain and in certain sections the wind reached the velocity of a serious gale.

Damage to several residences, a number of barns and outbuildings is reported from the hail territory north of Pease river. The rainfall was general over the county and amounted to half an inch to an inch and a half in certain localities.

It is impossible to estimate the full extent of the damage or just to what extent it will shorten the cotton crop of this county as a whole, but it is agreed that every rain at this season causes a deterioration of the cotton. Instead of the plants maturing the fruit already put on that will not likely have time to mature before frost.

Most farmers, however, state that with favorable conditions during the remainder of the season, a fine yield of cotton will be made, with the practical certainty that a big bollie-crop will be harvested on account of the late fruiting of some of the younger cotton.

BASEBALL FANS "LISTEN IN" AT TERENCE-ORR RADIO

Crowds of baseball enthusiasts are meeting each afternoon this week that Fort Worth and New Orleans play for the Dixie pennant and listen in over the long speaker rigged up by Terrence and Orr at their place of business on West Pease street. Wednesday afternoon, the game which resulted in a shut out for Fort Worth was heard distinctly. The announcer of each play of the exciting game, one time announced, "so and so is out, or will be in a second," so the news reached Vernon of the game being out before the umpire made his decision.

DISTRICT MEETING HERE NEXT WEEK

LOCAL SOCIETY OF METHODIST IST CHURCH TO ENTER- TAIN DELEGATES

The Woman's Missionary society of the Methodist church will entertain the district meeting of missionary societies here Wednesday and Thursday of next week. Homes have been secured for visiting members and a number of delegates are expected. Mrs. J. G. Merritt, of Colorado, superintendent of social service, will be present and speak on the subject of social service.

Mrs. F. L. Hughton of Crowell, district secretary will attend the meeting. Each society in the district will send delegates. The program has not been received from the district secretary, but will be here for the next issue of the Vernon Record.

Dinner will be served at the church with Mrs. G. W. Backus as chairman the second day. Other entertainment has been provided for the delegates.

SETTING SMALL CASING IN McALIB WELL

Six truck loads of casing were brought through here Saturday on the way to the McAlib well near Doans. They will commence setting 6 5/8 casing this week. Work has been held up for some days owing to the fact that the casing could not be brought to the field because of bad roads.

Rebekah Lodge to Meet.
The Vernon Rebekah lodge will meet at the Odd Fellow Hall Friday night. Candidates will be initiated.

LEADERS OF THE K. K. K. WHO DEFEY GOVERNOR

Dr. H. W. Evans, of Dallas, Tex., Imperial Wizard of the Knights of the Ku Klux Klan, refuses to order the Oklahoma Klan to unmask and disband as ordered by Governor J. C. (Jack) Walton. N. C. Jewett, Grand Dragon of the Klan in Oklahoma, is leading the activities of the Klan in opposing Governor Walton, who has placed the State under martial law.

DESTRUCTIVE HAIL VISITS NORTH SIDE

CROPS IN STRIP TWO AND HALF MILES WIDE AND TEN MILES LONG RUINED

The hail storm which visited Wilbarger county Wednesday night practically ruined all growing crops in a strip of territory about two and a half miles wide and extending from two miles west of Fargo to the Red River near Doans, a distance of about nine or ten miles.

In some places the destruction was complete. Not a pound of cotton will be picked from some of the best farms in that section of the county, according to those who visited the area taken yesterday.

Buildings were damaged where the storm was most severe and hundreds of chickens and turkeys were killed. No serious losses of live stock have been reported.

The storm apparently set in at its worst west of Fargo and traveled in a northeasterly direction to a crossing of Red River about a mile south of Doans. Another prong of the storm apparently branched off and went north about a mile or a mile and half west of Doans. The damage in this area was not so serious as that left in the path of the main storm to the south and east.

Among those who suffered severe crop losses were: C. S. Smith, Rice, Cantrill, J. S. Mason, Tom Mason, Bob Olive, R. E. Harrell, H. W. Cane, Mrs. J. T. Cane, Will Swanson, Tom Swanson, J. R. Ramsey, D. W. May, A. G. Smith, J. S. Swanton, George Leudke, J. H. Worley, Sam Cannon, M. E. McClellan, Ed McCourt, J. W. Cowan, J. S. Rowland, Mrs. D. B. Rogers, Walter Barnes, J. R. Roberts, J. M. Miller, J. R. Swanson, New Holland, P. M. Emmett.

RAPID PROGRESS ON WELL DRILLED BY LOCAL PEOPLE

S. J. Lynch and W. H. Butler were here Wednesday from Olney looking after business matters. They are in charge of the drilling of the Howard-Lynch well on leases in Young county held by Dr. A. P. Howard. Mr. Lynch and others interested in the project. Good progress has been made on the well and the drillers are very much encouraged over the prospects of finding a pay sand.

TRUSTEES REJECT BIDS ON ELLIOTT SCHOOL BUILDING

It Is Not Announced Whether
Plans for New Structure
Will Be Revised to Bring
Cost Within Estimate of
Amount To Be Expended
on New Plant

Members of the board of trustees of the Elliott school met Tuesday to open bids for the erection of a new school building. After spending most of the day in session, all bids were rejected. Further conferences will be held to determine just what course to pursue.

It is understood that the bids submitted were higher than the building was expected to cost, and it is possible that a revision of plans will be made to bring the cost of the building within the amount of money the board has at its disposal.

A bond issue of \$15,000 was recently voted to include the new building and its equipment, and it is the purpose of the trustees to keep the cost of the improvement within the amount of money realized from the sale of the bonds.

The plans call for a structure of brick material of one story and basement. Four class rooms and a spacious auditorium are called for, together with all modern conveniences. Harvey C. Allen of Vernon is the architect and on his return to Vernon after a meeting with the school board stated that it has not yet been decided just what will be done, whether to revise the plans, eliminate some of the equipment, contemplated or call for new bids on the present plans and specifications.

Bids were submitted Tuesday by J. A. Carney, O. A. Swinburn and Allen & Davis of Vernon, Mr. Decker of Electra and Graham & Sanderson of Seymour. It was not stated just how the bids varied or who was the lowest bidder at Tuesday's meeting.

A decision will probably be reached within the next few days by the school board. Mr. Allen stated as to what course they will pursue. It is planned to begin work on the building at once and have it ready for occupancy about the first of January.

H. W. Jackson, C. C. Pierce and A. P. Mason compose the board of trustees of the Elliott school district.

Local Fiddlers Win Honors at Tri-State Meeting in Amarillo

First and third honors at the fiddlers' contest in connection with the Tri-State Fair at Amarillo were carried off Wednesday by Vernon men. Tom Lee, well known local fiddler, won first prize for a purse of \$50. J. H. Dunning of Tahoka got \$30 and second place, while third place honors and a \$20 purse went to Louis Franklin of Vernon.

Reports from Amarillo, say the fiddling contest was a big feature of the program, held in conjunction with the meeting of the old settlers of the Panhandle.

SCHOOL CHILDREN GIVEN PASSES TO T. O. FAIR

L. A. Holler has received 2500 free tickets from the management of the Texas-Oklahoma Fair for distribution among the school children of the town and county. The fair will be held October 1 to 7 at Wichita Falls. He asks that all children, who intend to attend the fair to come to his office in the court house where he is handing out the tickets.

Davis, Webb and Summerot are moving their real estate office one door north in the Herring Bank building. Workmen this week are making the necessary changes in the room. Dr. T. E. Standiford and Dr. H. C. Caylor will establish their up town office in the room vacated by the real estate firm.

PARR OPENS PRODUCE HOUSE ON NORTH MAIN

R. V. Parr has opened up a produce business in the Masonic building on North Main street. Mr. Parr is handling apples, cabbage and potatoes in car load lots. Several years ago Mr. Parr engaged in the same business here for several seasons brought in many carloads of fruits and vegetables.

HELL AND MARIA' MUTE BEFORE GEN. SAWYER

Brigadier-General Charles E. Sawyer, physician, to President Coolidge, favors five feet five inches into the air. Brigadier-General Charles G. Dawes, who was Chief Purchasing Agent of the A. E. F., is a pigmy of six feet, and muscular. He is better known as "Hell and Maria" because of the rapid-fire way he told Congressmen they were pinheads three years ago. Recently the two left the White House, after a conference with President Coolidge and newspaper photographers asked them to pose. General Dawes is particularly averse to this form of outdoor amusement and was saying so in his characteristic fashion, when General Sawyer silenced him with five words: "Don't talk so damned much!" He said, and the giant Dawes quieted down and posed for his photograph.

KINGOLA SECTION HAS HAIL DAMAGE

LOSS TO COTTON IS ESTIMATED AT FIVE TO FIFTEEN PER CENT BY J. P. KING

According to J. P. King, president of the First Guaranty State Bank and prominent land owner, the damage to the cotton crop from Wednesday's hail storm in a territory covering several sections north and northeast of Oklahoma in the vicinity of Kingola will vary from five to fifteen per cent.

Mr. King owns considerable land in that section of the county and he made a trip of inspection through it yesterday. He reports that the hail was not so heavy, but that there were numerous evidences of very large stones falling. Some of the open cotton was knocked out by the rain and smaller hail stones, but the damage from this source will not be heavy, in his opinion.

The hail covered a territory of about a mile in width and extending in spots into the Elliott country. Mr. King stated, there were no total losses of crops in that section according to Mr. King, such as occurred north of Vernon.

Another report is that a wagon loaded with hay was left standing in the field and the hail scattered the hay, demolished the wagon body and buried the running gear several hundred feet across the field, sticking the wagon tongue several feet into the ground. Livestock and poultry had some exciting experiences. Calves, in one or two instances, were missing from their lots only to be found grazing in nearby enclosures the next morning. Whether the animals were blown out of the lots or forced their exit through fences, in the confusion wrought by the storm is left to conjecture.

Ermon Ivey Freed by Jury at Crowell on Juvenile Charge

Ermon Ivey, 14, was acquitted on a charge of juvenile delinquency in district court at Crowell yesterday.

The trial grew out of the death of Johnnie Walker, 13, after he had been struck on the head with a garden hoe here recently. The Ivey boy was indicted for murder by the grand jury, but this indictment was dismissed and the case transferred to Crowell on a charge of venue. The charge at Crowell was one of juvenile delinquency.

Families of both principals in the unfortunate affair reside in Vernon.

The case went to trial before a jury Wednesday.

COUNTY VALUES IN EXCESS OF SIXTEEN MILLION THIS YEAR

Tax Rolls Have Been Completed for 1923 and Will Be Ready for Payment of Taxes October 1—State Gets \$120,100 From This County

The county tax rolls for 1923, just completed by S. E. Porterfield, County Tax Assessor, show a total valuation in the county of \$16,013,651, representing an increase of about a quarter of a million dollars over last year.

This year's valuations are divided as follows: Resident taxpayers, \$8,539,257; non-residents, \$1,301,455; improved property \$1,027,684; railroads, telegraph and telephone companies \$1,218,157; banks, \$612,704; property which has not therefore been assessed on what is called back years' roll, \$10,275.

The total amount which is supposed to be collected from this year's tax rolls is \$3,497,820.1. The State of Texas will get the largest single allotment from this amount. The State tax rate is 75 cents and will bring in a revenue of \$120,100.95 from Wilbarger County. The county rate of 55 cents will yield a revenue of \$88,080.40. The special road tax of 35 cents will bring \$56,623.95 in the special road funds for making curbs of outstanding bond issues and other purposes. School district rates vary from 20 cents to \$1 and the total amount to be collected by the county for the account of schools will be \$35,557.41. This does not include the Odell district, which makes it own levy and collects its own taxes.

From roll taxes the State is due to receive \$6,751.50 and the county \$1,125.25 on a total of 4,501 poll taxes assessed.

Taxes are due and payable after October 1 and will become delinquent February 1. The tax rolls will be in the hands of the Tax Collector in time to receive payments Monday morning, October 1.

Storm Plays Queer Tricks in Its Path Across North Side

The wind which accompanied the hail storm in its destructive trip across the Fargo and Doans sections of the county was apparently possessed of a grim sort of sense of humor. It did some queer things which would be almost laughable if they did not represent the destruction of the fruits of many months of labor.

In one instance a shed was blown from around an automobile and completely demolished. The car was left standing in its customary place and its only damage was a badly lacerated top. In other cases cultivators and mowers were tipped over, although machines of this type are constructed in such a way as to offer very little wind resistance.

Another report is that a wagon loaded with hay was left standing in the field and the hail scattered the hay, demolished the wagon body and buried the running gear several hundred feet across the field, sticking the wagon tongue several feet into the ground. Livestock and poultry had some exciting experiences. Calves, in one or two instances, were missing from their lots only to be found grazing in nearby enclosures the next morning. Whether the animals were blown out of the lots or forced their exit through fences, in the confusion wrought by the storm is left to conjecture.

WILBARGER WINS THIRD PLACE AT TRI-STATE FAIR

Cash Prize of \$125 Is Awarded to Exhibit Managed by P. D. Chaney, Local Farm Agent—Amarillo Exposition Makes Fine Showing First Year

Wilbarger County won third place on the agricultural exhibit, sent to the Tri-State Fair at Amarillo by the Chamber of Commerce, under the supervision of P. D. Chaney, county farm agent, according to telegraphic information to The Record late yesterday afternoon.

The award carries with it a cash prize of \$125, and according to information received by The Record, second place would have probably been given the local exhibit if Mr. Chaney had known just what the score card requirements were. The requirements called for five different kinds of forage crops, including heads, heads and stalks, and a gallon of each kind of threshed grain. The exhibit sent to Amarillo did not include all five kinds of the threshed grain.

Hale County won first place and Lubbock won second. Secretary R. M. Fielder of the Vernon Chamber of Commerce was in Amarillo Wednesday and attended the fair. He says the exhibits in the agricultural department are the finest he ever saw at any fair. Twenty-one counties made exhibits and a number of counties reserved space but were unable to get their entries in before the opening of the fair on account of the bad roads. A number of counties in the Panhandle reserved space, intending to haul their exhibits to Amarillo by truck, but the heavy rains of last week made this impossible.

Mr. Fielder is of the opinion that the competition at Amarillo is stronger than it will be at the State Fair at Dallas. He also pointed out that most of the prize-winning exhibits at Dallas in former years have been from Panhandle counties—the same ones in competition at Amarillo.

The Hale County display which won first place at Amarillo was one of the finest and best arranged displays he had ever seen. Mr. Fielder declared, and was clearly entitled to first place. All of the twenty-one counties had fine displays. Mr. Fielder says and he feels very much gratified over the fact that Wilbarger County won third place in such hard competition.

The Tri-State Fair is being held for the first time this year and is destined to become one of the greatest fairs in the country, according to the local secretary. In many respects it is already the equal of the Dallas Fair, he declared.

Wilbarger Gets First on Alfalfa Seed and Pears; Peanuts Third

While the judging of the exhibits in the agricultural department of the Tri-State Fair at Amarillo has not been completed, individual entries in the Wilbarger County exhibit have already won two first prizes and one third prize.

The first prizes were on alfalfa seed and pears and third on peanuts.

County Agent P. D. Chaney who is in charge of the exhibit is confident that he will win first place on many other items before the judging is completed.

T. L. PIERCE CROP RUINED; EVIDENCE BROUGHT IN

T. L. Pierce, a well known property owner of the county, yesterday visited his farm north of Vernon and found that the hail storm of the night before had completely destroyed a fine cotton crop of about 100 acres. The stalks were stripped of the fruit and foliage had been beaten into the ground.

Mr. Pierce brought several cotton stalks back to town to show just how complete was the destruction on his place. A kershaw was also brought in. The melon looked very much as if it had been used as a target for a machine gun company. It was all but beaten into a pulp.

Miss Parker Recovering.
Miss Rita Parker of Fargo, who submitted to an operation for appendicitis Tuesday, following a severe attack, is reported to be recovering and will soon be out of danger.

MRS. L. A. FOSTER HOSTESS TO W. C. T. U. ON GUEST DAY

Mrs. L. A. Foster of West Paradise street was hostess to the W. C. T. U. for their annual guest day, Thursday afternoon.

The audience sang America with Mrs. T. P. Lismann at the piano. Mrs. L. E. McCurdy recited the devotionals. Roll call was answered by the members giving the place of their birth. Nearly every state in the union had a representative and Mrs. Robert Boyle, Miss Janice Boyle and Mrs. Eunice Wilson gave Ireland as their native land.

Mrs. McHugh read "Plans of Law Enforcement Adopted by the Convention at Columbus Ohio."

Mrs. T. P. Lismann read an article in which Wine and Beer wanted "To Come Back."

George Truitt Adams with Mrs. Adams at the piano sang "My Mother's White Ribbon."

Mrs. Lella Albright read a paper on "We don't like the 18th amendment." Views of certain people and why it is not popular.

Mrs. W. N. Stokes told of the early growth of the prohibition cause in Vernon and paid a compliment to Mrs. Rena Watts, founder and president and Mrs. L. E. McCurdy a co-worker as to their ability and zeal in furthering the cause of temperance. In speaking on law enforcement, the speaker stated that 14 stills had been captured by officers of the county since January 1.

Miss Pollyanna Trolley read two delightful numbers.

The hostess assisted by her daughters, Mrs. Avey White and Miss Jewell Nowlin, and Mrs. H. D. Tennyson and Mrs. A. Allison served a delicious salad course to forty guests.

A verse of scripture tied with the white ribbon accompanied by a spray of white flowers was given each guest as a favor for the occasion. The meeting was closed by all singing "Some Glad Day."

Musicians' Club Meet With Mrs. C. J. Farrell Give Fine Program

The home of Mrs. C. J. Farrell of West Texas street was thrown open to members of the Musicians' club and other guests, Wednesday afternoon at the first meeting of the club.

American beauty roses were used for decoration in the living room and the candle-light table where lunch was served was lovely with ferns and marigolds.

The hostess, assisted by Mrs. W. N. Stokes, president of the club, received the guests at the door where they were ushered directly to the dining room where Miss Beulah Add, Miss Johnnie Mallow and Mrs. C. F. Swartwood served punch and lady fingers.

Miss Pollyanna Holly gave a reading, "In the Final Way," and as an encore read "Rosa." She was presented a beautiful of killarney roses by little Miss Elizabeth Farrell.

Mrs. E. L. Keltz entertained her audience with an account of her visit to the biennial meeting of Federated Music clubs of America in Asheville, N. C., last spring. Mrs. Keltz went as delegate from here and her account of the meeting and the side lights she threw upon it was particularly good.

Miss Ina Pearl Curry of Wichita Falls, who sang Sunday night at the Methodist church again delighted her audience with her wonderful voice. She sang "Vissi D'Amore," "I'll Be Home Again," "Morning Glory," "Sweet and Little Pickaninny Baby," "David Guoin."

The hostess' little daughter, Miss Elizabeth, presented the singer with American Beauty roses.

Mrs. E. C. Christian, chorist director for the club delighted the guests when she sang, "Norman Cradle Song" by DeLooven.

Mrs. L. E. Piper was presented with a framed picture of Wagner by Mrs. W. N. Stokes on behalf of the club. Mrs. Stokes in a little speech of appreciation told of the work done by Mrs. Piper in the Musicians' club to which Mrs. Piper responded in a few words. It is with regret the club loses Mrs. Piper, who leaves soon for Los Angeles to make her home.

Miss Johnnie Mallow and Miss Harriet Thomas had arranged a musical diversion for the afternoon. The songs, "My Old Kentucky Home," "Comin' Through the Rye," "Old Cabin Bachel," "Birds and Home Sweet Home" had been cut into six steps each. Guests were asked to draw one of these slips and they were assembled again and the six who pieced together the same song sang for the prize—six American Beauty roses.

The sextette, who sang Dixie received the prize. During the business session, the following new members were elected to a place in the club. Some joined as active and some as associate members: Miss Georgia Castlebury, Miss Thelma Sherrill, Mrs. R. H. Nichols, Miss Pollyanna Holly, Mrs. Hub Colley, Mrs. Geo. Truitt Adams, Mrs. C. E. Warren, Mrs. R. M. Fielder, Mrs. Moss Hampton, Mrs. W. A. Lane, Mrs. A. A. Hingst, Mrs. E. L. Moore, Mrs. M. R. Sowell, Mrs. L. G. Hawkins, Miss Birdie Hiatt, Miss Bemie Works, Miss Theresa Hazard, Mrs. W. A. Wilhelm, Mrs. W. R. Moore, Mrs. A. N. Vernon, Mrs. Paul Goetz, Mrs. U. S. Davis and Mrs. E. L. Keltz.

FIRST MEETING OF CLUB WITH MRS. HARRINGTON

Mrs. J. A. Harrington was hostess to the members of the Woman's club, Tuesday afternoon at her home on West Paradise street in the first regular session of the year.

Mrs. J. E. Collins presided. During the business session Mrs. C. V. King was elected delegate and Mrs. R. E. Townsend alternate to the annual session of the State Federation of Clubs which meets in Wichita Falls in November. Several members of the club will go from here. Roll call was responded to by members giving the place where they were born. A majority of the members were native Texans. Mrs. John Cameron of Cleburne, former resident of Vernon was a visitor to the club and she too was a native of Texas. Her father having fought to gain Texas' independence and her parents were personal friends of General Sam Houston. "America" is the subject that will be studied this year.

Miss Frances Collins gave a piano number, "A Mother's Cries" by Edward J. Walt, a beautiful lullaby.

Mrs. H. W. Norwood told "How Betsy Ross made the flag," giving a short history of the stars and stripes closing with a beautiful tribute to our flag. Mrs. J. E. Collins, in the round table talk gave a description of the Ross home in Philadelphia.

Mrs. J. A. Lucky for her subject spoke on the "Spirit of 1776," famed in song and story. She told of the hardships encountered by the Continental army and praised the bravery of our forefathers and mothers during the struggle between America and England.

Mrs. E. F. Piper told of the "Days of '49," when gold and romance of California was discovered. The rush to the gold fields swelled the number of inhabitants

from a mere handful to 80,000 during that time, she said.

To Mrs. C. V. King was assigned the topic "The Lewis and Clark Expedition," and she spoke entertainingly of the part this expedition played in colonizing the far Northwest territory.

Mrs. L. E. McCurdy told of the history and romance of the "Old South," and drew a word picture of conditions on a Southern plantation before the war. Mrs. McCurdy was reared in the south and gave first hand information of habits and customs of folks in Dixie, long ago. She showed pictures of the belles of the days of hoop skirts.

Miss Pollyanna Holly read "America For Me" and responded to an encore with an amusing little story to the delight of her audience.

The assistant hostesses, Mesdames Y. H. Babasin, R. G. Hughes, H. K. Greener and G. W. Backus served a delicious plate lunch. Beautiful golden glow flowers were used as the plate decoration.

MRS. WEBB ENTERTAINS THURSDAY BRIDGE CLUB

Mrs. Luther Webb was hostess to the Thursday Bridge club and other guests Thursday afternoon at her home on West Paradise street. Four tables of guests played and five games were played.

Mrs. R. W. Everett won the club prize for high score and was presented with a set of six cut glass goblets in quaint design. Miss Ruby Williams won high score for guests and hand painted table numbers were given as a prize.

A delicious salad and ice course was served to Mesdames Daniel Bond, Hub Colley, J. E. Dodson, Herbert Farrell, R. W. Farrell, W. K. Long, T. P. Lisman, Jr., R. L. Moore, Myatt Napier, Emory Rhoads, A. E. Swartwood, Katherine Waggoner, Miss Esther Swartwood, Mrs. Dan Bonner and Mesdames Lillian Murchison and Ruby Williams were guests of the club.

ROBS CALOMEL OF NAUSEA AND DANGER

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed—Perfectest Tablet Called—"Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calotabs, the most generally useful of all medicines that enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. But what you please. No danger.

Calotabs are sold only in original, sealed packages, priced thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist will guarantee that you will be thoroughly satisfied with Calotabs. Adv. 1

THE HABIT OF THRIFT.

America is fast becoming a nation of savers. The youth of the country are acquiring the habits of thrift that have made European nations with far less resources than the United States wealthy.

To some of us this statement sounds like exaggeration. We see on every hand so many evidences of prodigality and extravagance that it is difficult to believe that America is mending her financial ways and is saving for a rainy day. The statement is made, however, on the authority of a man who is in position to know whereof he speaks. Samuel H. Beach, president of the American Bankers Association, is the man who has given us this rather startling information.

According to Mr. Beach, savings accounts have doubled in the last year and the stupendous sum of a little more than seventeen billions of dollars in savings accounts is now to the credit of people in the banks of the country. As an indication of how widespread is the habit of saving Mr. Beach tells us that there are twenty-five million savings accounts, or an average of one savings account for about every five persons.

But Mr. Beach is not through with his interesting statement. He says two million students are participating in school banking systems, an increase of 34 per cent over one year ago. Growth of student deposits is revealed in these figures: \$9,618,000 this year; \$5,775,000 a year ago; and \$2,800,000 in 1921.

The importance of these revelations of Mr. Beach is not fully appreciated unless we bear in mind that these banking figures come from the children and young people of the United States. We seem to be raising up a generation of savers. It is impossible to estimate the good that will come from teaching habits of thrift to the young people. Most of our economic ills have their origin in two things—people living beyond their means and the depletion of reserves of capital. Our financial troubles of the past two or three years are attributable to these two causes. Happiness and prosperity are assured to the individuals and the nations that live within their means.

It is most encouraging to learn that one-fifth of our population at least is laying aside something for a rainy day, or, in other words, spending a little less than they earn.

LAWLESSNESS ANSWERS LAWLESSNESS.

Evidently Governor Walton of Oklahoma decided to profit by the experience of former Governor Ferguson of Texas. At any rate the Oklahoma executive has refused to allow the Legislature to meet in special session to consider charges against him. Under somewhat similar circumstances in Texas a few years ago Governor Ferguson dissolved all question as to the legality of a special session, called to investigate his official conduct, by issuing a formal call for a special session, thus making everything legal and regular.

We all know what happened to Governor Ferguson. He wrote Governor Walton the other day reminding the Oklahoma of his own unhappy experience and warning him against the dangers of permitting the lawmakers to hold a special session.

Aside from a consideration of the issues involved in the Oklahoma

controversy, it would seem that some constitutional changes ought to be made whereby a special session can be called under extraordinary conditions to investigate the conduct of the chief executive.

One can sympathize with the efforts of Governor Walton to put a stop to mob violence in Oklahoma without approving of the high-handed methods he has employed to carry out his program. One of the basic principles of free government is that the civil power is superior to the military and that lawmakers are immune from arrest during the course of their legislative duties. Governor Walton's challenge to lawlessness is a military dictatorship.

No better argument could be advanced against mob lawlessness than that it gives a political demagogue an excuse to plunge an entire state into a reign of autocratic military authority. The real responsibility must lie at the door of those who participated in and countenanced illegal floggings in Oklahoma, for without this Governor Walton could have no pretext for his actions.

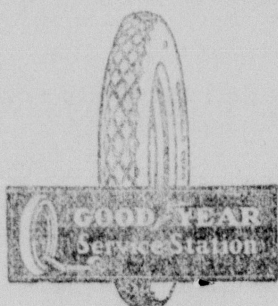

FOSTER'S WEEKLY WEATHER BULLETIN

Washington, Sep. 29, 1923.—This was a close guess; frost all about the great lakes Sept. 15; not much damage to late crops. Next frost is mapped for week centering on Oct. 10 and northern eastern shivers at the thought. Severe storms, most moisture of the month and frosts are expected during the week centering on Oct. 8. My charts indicate low temperatures in all sections near Oct. 7. The date for the great drought has arrived but these moisture shortages usually begin with small effects, increase for about five months and then suddenly the drought is broken. As November promises only one week of severe storms we may reasonably expect a moisture shortage for that month. First half of December promises radically severe weather, the oracles say that last half of December, including the holidays, and first half of January promise good weather.

Official scientists are badly mixed about the cause of earthquakes. The scientists are determined to be complex as to their theories, while old Nature is more determined to be simple. The force that operates the rotating and revolving bodies of the solar system is matter from outer dark space. The earth's electro-sphere condenses the matter within it, the electro-magnetic currents carry that condensed matter into vegetation that goes toward feeding and building the earth while the residual goes on to the sun where it is again condensed to feed and build the sun. The movement of that matter toward earth and sun is called electro-magnetism. That is the force that runs the machinery of the solar system, causes our thunder storms, other weather and changes and earthquakes.

I have advised some sections not to sow winter grain. I can say, positively, that winter grain will be seriously damaged in one-third, maybe one-half of North America. It is surely regrettable that such a vast amount of the best grain is to be wasted in sowing on soil that will get very little rain or snow. It is still more regrettable that one-third of all the crops of North America will be lost by a great summer drought during 1925.

The timber is going into paper and lumber and North America will go into desolation because of losing its timber. Our race, the people with light colored eyes, began to leave the highlands of Asia ten thousand years ago, because they had compelled the continuous death by destroying the timber. They were forced to move westward and they destroyed Turkey.

THE sure-footed, long-wearing, All-Weather Tread of a Goodyear Cord is the best tire insurance you can have. The high, thick, sharp-edged blocks of that famous tread dig wedge-like through mud or snow to slipless footing, carrying on steadily or coming to a sure, safe stop.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cord with the best of all-Weather Tread and back them up with standard Goodyear Service.

an, Persia, Asia Minor, the Euphrates and Tigris valleys. In the same manner much of Europe has been greatly damaged. North America, by the woodsman's ax, is going down into the same valley of death.

When a total eclipse of the sun falls on ocean waters it creates animal life which fills the waters with an abundance of fish food for three to nine months after the eclipse and fish from within 1,000 miles of the center of the eclipse shadow gather near where that shadow fell to feed on the newly created life and food. From Jan. 1 to July 1, 1924, many strange fish will gather near the western coasts of North America and be particularly noticeable in May, June and July. It will greatly benefit fishermen if they go to the ocean waters where the eclipse shadows fall. The fish follow those shadows as regularly as the shark follows the fish.

The McClaren "Mileage Strip"—what it is and what it means to you

A WIDE, continuous strip of solid rubber running through the center of the tread and around the entire tire—that is the well known McClaren "Mileage Strip."

The greatest wear on any tire is in the exact center of the tread. It is at this point that the tread wears fastest, as it comes in full contact with the road and receives all shocks. This is why the McClaren "Mileage Strip" was designed, and is embodied

in all McClaren Tires.

In the Autocrat Cord or the Allroad Fabric this "Mileage Strip" bears the load—prolongs the life of the tire and gives greater mileage.

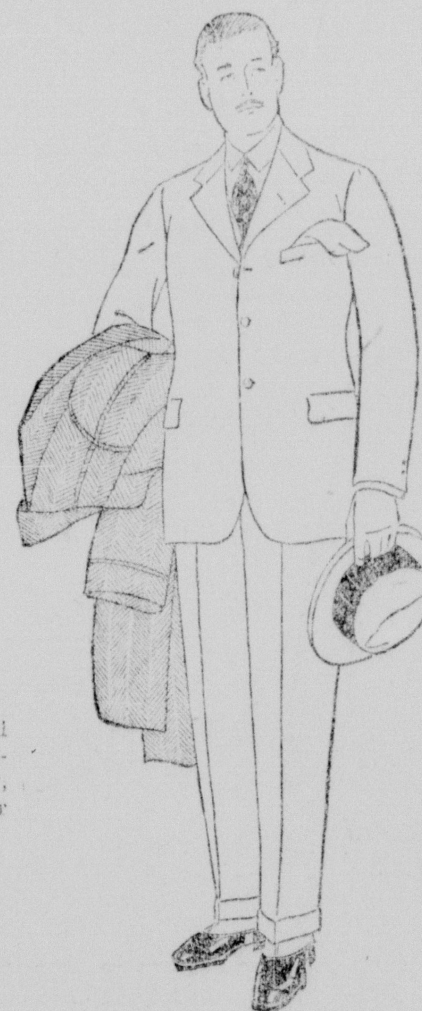

Come in and let us show this construction of the McClaren Tire in detail—let us show you how the "Mileage Strip" makes both the Autocrat Cord and Allroad Fabric leaders of their class, in extra long life and extra mileage.

EXPECT BIG CROWD AT WICHITA FAIR

PLANS BEING MADE FOR OPEN-
ING OF ANNUAL TEXAS-
OKLAHOMA EXPOSITION

A record attendance is anticipated for the Texas-Oklahoma Fair and Exposition to be held in Wichita Falls, October 1 to 7, inclusive. Everything is in readiness, and every exhibit and amusement feature is bigger, better, than last year, according to George D. Keith, president of the fair association.

Good roads and the excellent program of the fair is expected to attract people from a long distance. Large delegations from many towns and cities have made reservations at hotels of the city.

A million dollar livestock show is assured visitors. The entries in this department have doubled that of last year and still entries are being received. More than 1,000 fowls will be entered in the poultry show. There will be an exhibit of every kind of domestic animal of the farm and city. Water fowls and pets are to receive premiums and prizes along with the many other animal and fowl exhibits.

A \$500,000 art exhibit will be shown. Twenty-five masterpieces from the American Federation of Art, New York, will be shown to visitors to the fair.

The automobile and accessory show exhibits are valued at \$500,000. Practically every make of car will display 1924 models.

There will be running horse races. The thoroughbreds being the best of the Middle-West circuit. Approximately 800 running horses will be shipped to this city to run in the races. Purses amounting to \$100,000 and additional added money will be awarded to owners during the fair.

The automobile races will be equal to anything of its kind ever seen in the southwest. Daredrill pilots of the north and east will compete.

OVERLAND SPRING BASE LENGTHENED

NEW MODELS SAID TO BE FINER IN EVERY RESPECT BY LOCAL DEALER

One hundred and thirty inches of Triplex spring base, a roomier Wilson built body and a more powerful engine, with other special engineering features, are big factors in making the new Overland Sedan the easiest riding popular priced sedan on the market today. The ease with which the car may be handled, the flexible and sturdy motor, the beauty and artistic design and the best construction possible have thrust this car far ahead of others from the standpoint of popularity with buyers.

The new Overland sedan is a better, finer car in every respect. For the one who likes plenty of room it is available, for no other car of similar price on the market offers so large a rear seat for the motorist's comfort. Plate glass windows, operated by hand regulators, are used in the new Sedan. Cowl ventilator, sun visor and dome light are a few of the features built into the car, each expressing a pleasing tone of distinctiveness which ownership only serves to increase.

Flash light, built for real service, are standard equipment for the new Overland Sedan.

LEWISOHN, IN ASYLUM, CRIES "SANE".

Mrs. M. W. Lewisohn, wife of Walter Lewisohn.

Application for a writ of habeas corpus, later withdrawn, in the Court of Common Pleas, of South Norwalk, Conn., disclosed the fact that Walter Lewisohn, banker and copper magnate, of New York, has been a patient in the Blytheville Sanitarium, in Greenville, since May 22. It was alleged that Lewisohn was lured there on the pretext that his intimate friend, Leonard Hughes, dancing partner of Maurice, had been injured. Later it was shown he had signed a request for voluntary confinement until he recovers from a nervous breakdown. He is shown here with his wife, Mrs. Selma Kraus Lewisohn, with whom he dined with J. B. Elwell, the noted whist expert, on the night before Elwell was mysteriously shot to death in his apartment, after leaving them at their hotel.

R. D. ELLIOTT'S LIFE SAVED

I feel that your preparations particularly Ferrasal, saved my life. I was advised by some of the best doctors in Dallas to have an operation for gall stones. I started taking Ferrasal and in one week's time I could eat again. It cured me and I believe Ferrasal will cure any case of stomach or bladder trouble if taken properly.

Very truly yours, R. D. Elliott, 1112 N. Crawford St., Dallas, Tex. 8. 50c a box at Ferguson Drug Co. 54-Fri. Jul.

HAIL DAMAGE IS HEAVY IN NORTH PART OF COUNTY

Storm of Wednesday Night
Devastates Considerable
Area in Vicinity of Tolbert
and Fargo—Heavy Wind
and Rain Accompanies Hail
Doing Some Damage

Considerable damage to feed and
cotton crops resulted from hail in
certain sections of Wilbarger county
Wednesday night. The most
serious damage was done through a
strip of territory extending from
near Tolbert crossing north of Fargo.
Through a considerable portion
of the strip covered by the hail
the crops are a total loss.

East of Vernon, around Okla-
homa some damage is reported, with
serious losses to crops, north and
northeast of Oklahoma. The hail
was accompanied by rain and in
certain sections the wind reached
the velocity of a serious gale.

Damage to several residences, a
number of barns and outbuildings is
reported from the hail territory
north of Pease river. The rainfall
was general over the county and
amounted to half an inch to an inch
and a half in certain localities.

It is impossible to estimate the
full extent of the damage or just
to what extent it will shorten the
cotton crop of this county as a
whole, but it is agreed that every
rain at this season causes a detri-
ment to the cotton. Instead of the
plants maturing the fruit already
put on its growth is stimulated and
fruit is put on that will not likely
have time to mature before frost.

Most farmers, however, state
that with favorable conditions dur-
ing the remainder of the season, a
fine yield of cotton will be made,
with the practical certainty that a
big boll-crop will be harvested on
account of the late fruiting of some
of the younger cotton.

BASEBALL FANS "LISTEN IN" AT TERHUNE-ORR RADIO

Crowds of baseball enthusiasts
are meeting each afternoon this
week that Fort Worth and
New Orleans play for the Dixie
penalty and listen in over the local
speaker rigged up by Terhune and
Orr at their place of business on
West Pease street. Wednesday after-
noon, the game which resulted in
a shut out for Fort Worth was
heard distinctly. The announcer
of each play of the exciting game,
one time announced, "so and so is
out, or will be in a second," so the
news reached Vernon of the game
being out before the umpire gave
his decision.

DISTRICT MEETING HERE NEXT WEEK

LOCAL SOCIETY OF METHOD- IST CHURCH TO ENTER TAIN DELEGATES

The Woman's Missionary society
of the Methodist church will enter-
tain the district meeting of mis-
sionary societies here Wednesday and
Thursday of next week. Homes
have been secured for visiting mem-
bers and a number of delegates are
expected. Mrs. J. G. Merritt, of
Colorado, superintendent of social
service, will be present and speak on
the subject of social service.

Mrs. F. L. Hughton of Crowley,
district secretary will attend the
meeting. Each society in the dis-
trict will send delegates. The pro-
gram has not been received from
the district secretary but will be
here for the next issue of the Ver-
non Record.

Dinner will be served at the
church with Mrs. G. W. Backus as
chairman the second day. Other
entertainment has been provided for
the delegates.

SETTING SMALL CASING IN McALEER WELL

Six truck loads of casing were
brought through here Saturday on
the way to the McAlle well near
Doans. They will commence setting
6-5/8 casing this week. Work has
been held up for some days owing
to the fact that the casing could
not be brought to the field because
of bad roads.

Rebekah Lodge to Meet

The Vernon Rebekah lodge will
meet at the Odd Fellow Hall Fri-
day night. Candidates will be in-
tiated.

DESTRUCTIVE HAIL VISITS NORTH SIDE

CROPS IN STRIP TWO AND HALF MILES WIDE AND TEN MILES LONG RUINED

The hail storm which visited Wil-
barger County Wednesday night
practically ruined all growing
crops in a strip of territory about
two and a half miles wide and ex-
tending from two miles west of
Fargo to the Red River near Doans,
a distance of about nine or ten
miles.

In some places the destruction
was complete. Not a pound of cot-
ton will be picked from some of the
best farms in that section of the
county, according to those who vis-
ited the stricken area yesterday.

Buildings were damaged where
the storm was most severe and hun-
dreds of chickens and turkeys were
killed. No serious losses of live
stock have been reported.

The storm apparently set in at its
worst west of Fargo and traveled
in a northeasterly direction to a
crossing of Red River about a mile
south of Doans. Another prong of
the storm apparently branched off
and went north about a mile or a
mile and half west of Doans. The
damage in this area was not so
serious as that left in the path of
the main storm to the south and
east.

Among those who suffered severe
crop losses were: C. S. Smith, Rice
Cantrell, J. S. Mason, Tom Mason,
Bob Oliver, R. E. Harrell, H. W.
Cabe, Mrs. J. T. Cabe, Will Swan-
son, Tom Swanson, J. R. Ramsey,
D. W. May, A. G. Smith, J. S.
Sweatman, George Leudtke, J. H.
Worley, Sam Cannon, M. E. Mc-
Cormack, Ed McCurt, J. W. Cov-
an, J. S. Rowland, Mrs. D. B. Ro-
gers, Walter Barnes, J. R. Roberts,
J. M. Miller, J. R. Swanson, New
Holland, P. M. Emmett.

RAPID PROGRESS ON WELL DRILLED BY LOCAL PEOPLE

S. J. Lynch and W. H. Butler
were here Wednesday from Olney
looking after business matters. They
are in charge of the drilling of the
Howard-Lynch well, on leases in
Young county held by Dr. A. P.
Howard. Mr. Lynch and others in-
terested in the project. Good prog-
ress has been made on the well and
the drillers are very much encour-
aged over the prospects of finding a
pay sand.

TRUSTEES REJECT BIDS ON ELLIOTT SCHOOL BUILDING

It Is Not Announced Whether
Plans for New Structure
Will Be Revised to Bring
Cost Within Estimate of
Amount To Be Expended
on New Plant

Members of the board of trustees
of the Elliott school met Tuesday
to open bids for the erection of a
new school building. After spend-
ing most of the day in session, all
bids were rejected. Further con-
ferences will be held to determine
just what course to pursue.

It is understood that the bids sub-
mitted were higher than the build-
ing was expected to cost, and it is
possible that a revision of plans will
be made to bring the cost of the
building within the amount of mon-
ey the board has at its disposal.

A bond issue of \$15,000 was re-
cently voted to include the new
building and its equipment, and it
is the purpose of the trustees to
keep the cost of the improvement
within the amount of money real-
ized from the sale of the bonds.

The plans call for a structure of
brick material of one story and
basement. Four class rooms and a
spacious auditorium are called for,
together with all modern conven-
iences. Harvey C. Allen of Vernon,
is the architect and on his return
to Vernon after a meeting with the
school board stated that it has not
yet been decided just what will be
done, whether to revise the plans,
eliminate some of the equipment
contemplated or call for new bids
on the present plans and specifica-
tions.

Bids were submitted Tuesday by
J. A. Carney, O. A. Swinburn and
Allen & Davis of Vernon, Mr. De-
cker of Elmore and Graham & Sand-
erson of Seymour. It was not stat-
ed just how the bids varied or who
was the lowest bidder at Tuesday's
meeting.

A decision will probably be reach-
ed within the next few days by the
school board. Mr. Allen stated, as to
what course they will pursue. It is
planned to begin work on the build-
ing at once and have it ready for
occupancy about the first of Janu-
ary.

H. W. Jackson, J. C. Pierce and
A. P. Mason compose the board of
trustees of the Elliott school dis-
trict.

Local Fiddlers Win Honors at Tri-State Meeting in Amarillo

First and third honors at the
fiddlers' contest in connection with
the Tri-State Fair at Amarillo were
carried off Wednesday by Vernon
men. Tom Lee, well known local
fiddler, won first prize for a piece
of \$50. J. H. Dunning of Tahoka
got \$30 and second place, while
third place honors and a \$20 prize
went to Louis Franklin of Vernon.
Reports from Amarillo say the
fiddling contest was a big feature
of the program, held in conjunction
with the meeting of the old settlers
of the Panhandle.

SCHOOL CHILDREN GIVEN PASSES TO T. O. FAIR

L. A. Holler has received 2500
free tickets from the management
of the Texas-Oklahoma Fair for
distribution among the school chil-
dren of the town and county. The
fair will be held October 1 to 7 at
Wichita Falls. He asks that all
children who intend to attend the
fair to come to his office in the
court house where he is handing
out the tickets.

DAVIS, WEBB & SUMMEROR MOVING OFFICES NEXT DOOR

Davis, Webb and Summeror are
moving their real estate office en-
tirely north in the Herring Bank
building. Workmen this week are
making the necessary changes in
the room. Dr. T. E. Standfield and
Dr. H. C. Caylor will establish their
up town office in the room vacated
by the real estate firm.

PARR OPENS PRODUCE HOUSE ON NORTH MAIN

R. V. Parr has opened up a pro-
duce business in the Masonic build-
ing on North Main street. Mr. Parr
is handling apples, cabbage and po-
tatoes in car load lots. Several
years ago Mr. Parr engaged in the
same business here for several sea-
sons brought in many carloads of
fruits and vegetables.

Purchasing Agent of the A. E. F., is

Brigadier-General Charles E.
Sawyer, physician to President
Coolidge, favors five feet five in-
ches in the air. Brigadier-General
Charles G. Dawes, who was Chief
Purchasing Agent of the A. E. F., is
a pegmy of six feet, and muscular.
He is better known as "Hell and
Maria" because of the rapid-fire
way he told Congressmen they were
plushes three years ago. Recently
the two left the White House, af-
ter a conference with President
Coolidge and newspaper photo-
graphers asked them to pose. Gen-
eral Dawes is particularly averse to
this form of outdoor amusement
and was saying so in his character-
istic fashion, when General Sawyer
silenced him with five words
"Don't talk so damned much!" It
is said, and the giant Dawes quieted
down and posed for his photograph.

KINGOLA SECTION HAS HAIL DAMAGE

LOSS TO COTTON IS ESTIMAT- ED AT FIVE TO FIFTEEN PER CENT BY J. P. KING

According to J. P. King, president
of the First Guaranty State Bank
and prominent land owner, the dam-
age to the cotton crop from Wed-
nesday's hail storm in a territory
covering several sections north and
northeast of Oklahoma in the vic-
inity of Kingola will vary from
five to fifteen per cent.

Mr. King owns considerable land
in that section of the county and
he made a trip of inspection through
it yesterday. He reports that the
hail was not so heavy, but that there
were numerous evidences of very
large stones falling. Some of the
open cotton was knocked out by the
rain and smaller hail stones, but
the damage from this source will
not be heavy, in his opinion.

The hail covered a territory of
about a mile in width and extend-
ing in spots into the Elliott country.
Mr. King stated. There were no
fatal losses of crops in that section
according to Mr. King, such as oc-
curred north of Vernon.

Ermon Ivey Freed by Jury at Crowell on Juvenile Charge

Ermon Ivey, 14, was acquitted on
a charge of juvenile delinquency in
district court at Crowell yesterday.
The trial grew out of the death of
Johnnie Walker, 13, after he had
been struck on the head with a gar-
den hoe here recently. The Ivey
boy was indicted for murder by the
last grand jury, but this indict-
ment was dismissed and the case
transferred to Crowell on a charge
of venue. The charge at Crowell
was one of juvenile delinquency.

Families of both principals in the
unfortunate affair reside in Ver-
non.
The case went to trial before a
jury Wednesday.

COUNTY VALUES IN EXCESS OF SIXTEEN MILLION THIS YEAR

Tax Rolls Have Been Com-
pleted for 1923 and Will Be
Ready for Payment of
Taxes October 1—State
Gets \$120,100 From This
County

The county tax rolls for 1923,
just completed by S. E. Porterfield,
County Tax Assessor, show a total
valuation in the county of \$16,013,-
651, representing an increase of
about a quarter of a million dollars
over last year.

This year's valuations are divided
as follows: Resident taxpayers,
\$8,539,255; non-residents, \$1,394,-
416; unimproved property, \$1,027,-
684; railroads, telegraph and tele-
phone companies, \$1,218,157; banks,
\$613,704; property which has not
heretofore been assessed on what is
called back year's roll, \$10,275.

The total amount which is sup-
posed to be collected from this
year's tax rolls is \$3,497,782.01. The
State of Texas will get the largest
single allotment from this amount.
The State tax rate is 75 cents and
will bring in a revenue of \$120,-
100.65 from Wilbarger County. The
county rate of 35 cents will yield a
revenue of \$88,080.60. The special
road tax of 35 cents will bring \$56,-
063.05 in the special road funds for
taking care of outstanding bond is-
sues, and other purposes. School
district rates vary from 20 cents to
\$1 and the total amount to be col-
lected by the county for the account
of schools will be \$55,567.41. This
does not include the Odell districts,
which makes it even less and col-
lects its own taxes.

From poll taxes the State is due
to receive \$6,751.50, and the county
\$1,125.25 on a total of 4,501 poll
taxes assessed.
Taxes are due and payable after
October 1 and will become delin-
quent February 1. The tax rolls
will be in the hands of the Tax Col-
lector in time to receive payments
Monday morning, October 1.

Storm Plays Queer Tricks in Its Path Across North Side

The wind which accompanied the
hail storm in its destructive trip
across the Fargo and Doans sec-
tions of the county was apparently
possessed of a grim sort of sense of
humor. It did some queer things
which would be almost laughable if
they did not represent the destruc-
tion of the fruits of many months
of labor.

In one instance a shed was blown
from around an automobile, and
completely demolished. The car
was left standing in its customary
place and its only damage was a
badly lacerated top. In other cases
cultivators and mowers were top-
pled over, although machines of this
type are constructed in such a way
as to offer very little wind resist-
ance.

Another report is that a wagon
loaded with hay was left standing
in the field and the wind scattered
the hay, demolished the wagon body
and hurled the running gear several
hundred feet across the field, stick-
ing the wagon tongue several feet
into the ground. Livestock and
poultry had some exciting experi-
ences. Calves, in one or two in-
stances, were missing from their
lots only to be found grazing in
nearby enclosures the next morning.
Whether the animals were blown
out of the lots or forced their exit
through fences, in the confusion
brought by the storm is left to con-
jecture.

HARDING STAMPS RECEIVED AT LOCAL POSTOFFICE

The Vernon postoffice has received
a supply of Harding Memorial
stamps. They are now on sale at
the stamp window. The stamp is of
the two cent denomination printed
in black and white and bears the
picture of the late president, War-
ren G. Harding.

Mr. and Mrs. Landrum Here

Mr. and Mrs. Lynn W. Landrum
and son of Dallas are visiting her
parents, Mr. and Mrs. D. W. Ma-
yer of Fargo and other relatives in Ver-
non. Mr. Landrum is on the edi-
torial staff of the Dallas News and
was formerly with the Vernon Re-
cord here.

Nancy Jordan, the English girl who met Frank Warren, a Kansas
City lawyer, in London while he was an officer in the A. E. F., later
gave birth to a son and then came to America to make her home with
Warren's divorced wife. On shipboard she met Claude Heatherington
Clarke, an Englishman, who represents his father's firm in Chicago.
The case attracted national attention, but Miss Jordan, tired of the
anomalous life she led and started back to England, but Clarke stopped
her, and now she is his bride.

ONLY 2,236 BALES GINNED TO DATE RECORD CHANGES STYLE OF MAKEUP

WILBARGER'S 1923 COTTON CROP IS BEING HELD BACK BY LATE RAINS

Cotton is being gathered and gin-
ned at a very slow rate this year.
The late rains have delayed the
crop considerably and in some com-
munities there is practically no
picking being done.
The price continues good this
week. Middling cotton on the
streets of Vernon today is worth
27 1/2 cents.
Following is the ginning report to
date:
Vernon gins—
Peoples, 302
Farmers, 27
Lockett, 25
Vernon, 25
Planters, 35
Fargo, 40
Lockett, 40
Oklahoma, 25
Odell (2 gins), 111
Harold, 111
Produced in Wilbarger and
ginned in adjoining coun-
ties (ginners' estimate), 107
Total, 2236
This date last year, 9,991

Beginning with this issue The
Record has changed its style of
make-up. The pages have been
lengthened and the number of col-
umns has been increased from sev-
en to eight, thus giving additional
space for news matter and adver-
tising. Under the new arrange-
ment an eight-page edition of The
Record will contain 64 columns,
compared with 56 under the old
style of make-up.
This step is taken in order to
keep The Record up with the prog-
ress in newspaper making. In the
past few years most of the large
daily papers have changed from
seven to eight columns. The Re-
cord was one of the first county pa-
pers in Texas to change from the
old standard for county papers of
six-column pages to the newer sizes
of seven columns.

The change to eight columns is
being made in advance of other
county papers, just as The Record
led papers in its class in making
other changes. This is merely a
part of the policy of the publishers
of The Record to keep well abreast
of the times and at all times to ar-
ticipate the needs and growth of
Vernon so far as newspapers are
concerned.

CLUBS TO MEET FOR TICKET SALE

FOR LYCEUM COURSE THURS- DAY AFTERNOON AT LI- BRARY—TO FORM PLANS

Mrs. W. N. Stokes, chairman of
the Lyceum course is calling a meet-
ing for Thursday afternoon of next
week at 4 o'clock at the library
building. Every member of the five
federated clubs of Vernon are as-
sured to be present at the meeting.
Season tickets will be given out at
this time and the sale will be start-
ed at once. Other details will be
arranged at this time about the
numbers and this will be the most
important meeting of the season, it
is announced.

The first attraction will be giv-
en, November 12, at the Vernon
opera house. "The Impresario"
which will be followed by four other
numbers of equal merit. It is
planned by the Federated clubs to
bring to Vernon the best talent pro-
curable at this time and to charge
only a nominal sum for the season
tickets.
Each club woman is urged to ap-
pear at the important meeting
Thursday afternoon at 4 o'clock,
October 4.

Miss Mattie and Louise Smith
and Miss Mary McHugh left Wed-
nesday for Denton where they will
again be students in the North Tex-
as State Teachers college.

WILBARGER WINS THIRD PLACE AT TRI-STATE FAIR

Cash Prize of \$125 Is Awarded
to Exhibit Managed by
P. D. Chaney, Local Farm
Agent—Amarillo Exposi-
tion Makes Fine Showing
First Year

Wilbarger County won third
place on the agricultural exhibit
sent to the Tri-State Fair at Ama-
rillo by the Chamber of Commerce
under the supervision of P. D. Chan-
ey, county farm agent, according to
telegraphic information to The Re-
cord late yesterday afternoon.

The award carries with it a cash
prize of \$125, and according to in-
formation received by The Record
second place would have probab-
ly been given the local exhibit if Mr.
Chaney had known just what the
scope and requirements were. The
requirements called for five differ-
ent kinds of forage crops, includ-
ing heads, heads and stalks, and
galleys of each kind of threshed
grain. The exhibit sent to Amarillo
did not include all five kinds of
the threshed grain.

Hale County won first place in
Lubbock won second. Secretary I.
M. Fielder of the Vernon Chamber
of Commerce was in Amarillo Wed-
nesday and attended the fair. He
says the exhibits in the agricultur-
al department are the finest he
ever saw at any fair. Twenty-one
counties made exhibits and a num-
ber of counties reserved space but
were unable to get their entries
before the opening of the fair. A
number of counties in the Panhandle
reserved space, intending to bring
their exhibits to Amarillo by train,
but the heavy rains of last week
made this impossible.

Mr. Fielder is of the opinion
the competition at Amarillo is
stronger than it will be at the Sta-
te Fair at Dallas. He also point-
ed out that most of the prize-win-
ning exhibits at Dallas in former years
have been from Panhandle coun-
ties—the same ones in competition
at Amarillo.

The Hale County display which
won first place at Amarillo was
one of the finest and best arranged
exhibits he had ever seen. Mr. Field-
er declared, and was clearly entitled
to first place. All of the twenty-one
counties had fine displays. Mr.
Fielder says and he feels very im-
pressed over the fact that Wilb-
arger County won third place in such
hard competition.
The Tri-State Fair is being held
for the first time this year and is
destined to become one of the great
fairs in the country, according
to the local secretary. In many
aspects it is already the equal of
Dallas Fair, he declared.

Wilbarger Gets First on Alfalfa Seed and Pears; Peanuts Third

While the judging of the exhib-
its in the agricultural department
of the Tri-State Fair at Amarillo
has not been completed, individual
tries in the Wilbarger County
exhibit have already won two first
prizes and one third prize.
The first prizes were on alf-
alfa seed and pears and third on
peanuts.

County Agent P. D. Chaney
is in charge of the exhibit and is
evident that he will win first prize
many other items before the judg-
ing is completed.

T. L. PIERCE CROP RUINED EVIDENCE BROUGHT

T. L. Pierce, a well known prop-
erty owner of the county, yesterday
visited his farm north of Ver-
non and found that the hail storm
the night before had completely
strayed a fine cotton crop of a
100 acres. The stalks were snap-
ped of the fruit and foliage
been beaten into the ground.

Mr. Pierce brought several
ton stalks back to town to
just how complete was the destruc-
tion on his place. A kershaw
also brought in. The melon loss
very much as if it had been
as a target for a machine gun
barrage. It was all but bent in
two.

Miss Parker Recovering.
Miss Rita Parker of Fargo,
submitted to an operation for
pendiclitis Tuesday, following a
series of attacks, is reported to be
improving and will soon be out of
her.

IN SOCIETY

Musicians' Club Meet With Mrs. C. J. Farrell Give Fine Program

The home of Mrs. C. J. Farrell on West Texas street was thrown open to members of the Musicians' club and other guests, Wednesday afternoon at the first meeting of the club.

American beauty roses were used for decoration in the living room and the candle-lighted table where lunch was served was lovely with ferns and marigolds.

The hostess, assisted by Mrs. W. S. Stokes, president of the club, received the guests at the door where they were ushered directly to the dining room where Miss Bontah Lind, Miss Johnnie Mallow and Mrs. C. F. Swartwood served punch and lady fingers.

Miss Pollyanna Holly gave a reading, "In the Usual Way," and as an encore read "Rosa." She was presented a beautiful of Killarney roses by little Miss Elizabeth Farrell.

Mrs. E. L. Keltz entertained her audience with an account of her visit to the biennial meeting of Federated Music Clubs of America at Asheville, N. C., last spring. Mrs. Keltz went as delegate from here and her account of the meeting and the side lights she threw upon it was particularly good.

Miss Ina Pearl Curry of Wichita Falls, who sang Sunday night at the Methodist church again delighted her audience with her wonderful voice. She sang "Vissi D'Amore," "D'Amore-Pochini," "Morning Glory," "Speaks and Little Pickaninny Baby," "David Goliath."

The hostess' little daughter, Miss Elizabeth, presented the singer with American Beauty roses.

Mrs. E. C. Christian, choral director for the club, delighted the guests when she sang, "Norman," "Cradle Song" by DeToyen.

Mrs. L. E. Piper was presented with a framed picture of Wagner by Mrs. W. N. Stokes on behalf of the club. Mrs. Stokes in a little speech of appreciation told of the work done by Mrs. Piper in the Musicians' club to which Mrs. Piper responded in a few words. It is with regret the club loses Mrs. Piper, who leaves soon for Los Angeles to make her home.

Miss Johnnie Mallow and Miss Harriett Thomas had arranged a musical diversion for the afternoon. The songs, "My Old Kentucky Home," "Comin' Through the Rye," "Old Oak-ten Bucket," "Dixie and Home Sweet Home" had been cut into six strips each. Guests were asked to draw one of these slips and they were assembled again and the six who pieced together the same song sang for the prize—six American Beauty

roses. The sextette, who sang Dixie received the prize.

During the business session, the following new members were elected to a place in the club. Some joined as active and some as associate members: Miss Georgia Castlebury, Miss Thelma Sherrill, Mrs. R. H. Nichols, Miss Pollyanna Holly, Mrs. Hub Colley, Mrs. Geo. Truitt Adams, Mrs. C. E. Warren, Mrs. R. M. Fielder, Mrs. Moss Hampton, Mrs. W. A. Lane, Mrs. A. A. Hingst, Mrs. E. L. Moore, Mrs. M. R. Sewell, Mrs. L. G. Hawkins, Miss Birdie Blatt, Miss Bontah Works, Miss Theresa Hazard, Mrs. W. A. Wilhelm, Mrs. W. R. Moore, Mrs. A. N. Vernon, Mrs. Paul Goetze, Mrs. U. S. Davis and Mrs. E. L. Keltz.

FIRST MEETING OF CLUB WITH MRS. HARRINGTON

Mrs. J. A. Harrington was hostess to the members of the Woman's club, Tuesday afternoon at her home on West Paradise street in the first regular session of the year.

Mrs. J. E. Collins presided. During the business session Mrs. C. V. King was elected delegate and Mrs. R. E. Townsend alternate to the annual session of the State Federation of Clubs which meets in Wichita Falls in November. Several members of the club will go from here. Roll call was responded to by members giving the place where they were born. A majority of the members were native Texans. Mrs. John Cameron of Cleburne, former resident of Vernon was a visitor to the club and she too was a native of Texas. Her father having fought to gain Texas' independence and her parents were personal friends of General Sam Houston. "America" is the subject that will be studied this year.

Miss Frances Collins gave a piano number, "A Mother's Croon" by Edward J. Walt, a beautiful lullaby.

Mrs. H. W. Norwood told "How Betsy Ross made the flag," giving a short history of the stars and stripes closing with a beautiful tribute to our flag. Mrs. J. E. Collins, in the round table talk gave a description of the Ross home in Philadelphia.

Mrs. J. A. Lucky for her subject spoke on the "Spirit of 1776," famed in song and story. She told of the hardships encountered by the Continental army and praised the bravery of our forefathers and mothers during the struggle between America and England.

Mrs. E. F. Piper told of the "Days of '49," when gold and romance of California was discovered. The rush to the gold fields swelled the number of inhabitants

from a mere handful to 80,000 during that time, she said.

To Mrs. C. V. King was assigned the topic "The Lewis and Clark Expedition," and she spoke entertainingly of the part this expedition played in colonizing the far Northwest territory.

Mrs. L. E. McCurdy told of the history and romance of the "Old South," and drew a word picture of conditions on a Southern plantation before the war. Mrs. McCurdy was reared in the south and its customs and folks in Dixie, long ago. She showed pictures of the belles of the days of hoop skirts.

Miss Pollyanna Holly read "America For Me" and responded to an encore with an amusing little story to the delight of her audience.

The assistant hostesses, Mesdames Y. H. Babasin, R. G. Hughes, H. K. Groover and G. W. Backus served a delicious plate lunch. Beautiful golden glow flowers were used as the plate decoration.

MRS. WEBB ENTERTAINS THURSDAY BRIDGE CLUB

Mrs. Luther Webb was hostess to the Thursday Bridge club and other guests Thursday afternoon at her home on West Paradise street. Four tables of guests played and five games were played.

Mrs. R. W. Ferrell won the club prize for high score and was presented with a set of six cut glass goblets in quaint design. Miss Ruby Williams won high score for guests and hand painted table numbers were given as a prize.

A delicious salad and ice course was served to Mesdames Daniel Bond, Hub Colley, J. E. Dodson, Herbert Farrell, R. W. Farrell, W. K. Long, T. P. Lisman, Jr., R. L. ROBS CALOMEL OF NAUSEA AND DANGER

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed—Perfecting Tablet Called—"Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally used of all medicines, has entered upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headache, indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, price thirty-five cents for the large family package; ten cents for the small trial size. Your druggist will guarantee that you will be thoroughly satisfied with Calotabs. Adv. 1.

THE HABIT OF THRIFT.

America is fast becoming a nation of savers. The youth of the country are acquiring the habits of thrift that have made European nations with far less resources than the United States wealthy.

To some of us this statement sounds like exaggeration. We see on every hand so many evidences of prodigality and extravagance that it is difficult to believe that America is mending her financial ways and is saving for a rainy day. The statement is made, however, on the authority of a man who is in position to know whereof he speaks. Samuel H. Beach, president of the savings bank division of the American Bankers Association, is the man who has given us this rather startling information.

According to Mr. Beach, savings accounts have doubled in the last year and the stupendous sum of a little more than seventeen billions of dollars in savings accounts is now to the credit of people in the banks of the country. As an indication of how widespread is this habit of saving Mr. Beach tells us that there are twenty-five million savings accounts, or an average of one savings account for about every five persons.

But Mr. Beach is not through with his interesting statement. He says two million students are participating in school banking systems, an increase of 34 per cent over one year ago. Growth of student deposits is revealed in these figures: \$9,618,000 this year; \$5,775,000 a year ago; and \$2,800,000 in 1921.

The importance of these revelations of Mr. Beach is not fully appreciated unless we bear in mind that these banking figures come from the children and young people of the United States. We seem to be raising up a generation of savers. It is impossible to estimate the good that will come from teaching habits of thrift to the young people. Most of our economic ills have their origin in two things—people living beyond their means and the depletion of reserves of capital. Our fiscal troubles of the past two or three years are attributable to these two causes. Happiness and prosperity are assured to the individuals and the nations that live with in their means.

It is most encouraging to learn that one-fifth of our population at least is laying aside something for a rainy day, or, in other words, spending a little less than they earn.

LAWLESSNESS ANSWERS LAWLESSNESS.

Evidently Governor Walton of Oklahoma decided to profit by the experience of former Governor Ferguson of Texas. At any rate the Oklahoma executive has refused to allow the Legislature to meet in special session to consider charges against him. Under somewhat similar circumstances in Texas a few years ago Governor Ferguson dissolved all question as to the legality of a special session, called to investigate his official conduct, by issuing a formal call for a special session, thus making everything legal and regular.

We all know what happened to Governor Ferguson. He wrote Governor Walton the other day reminding the Oklahoma man of his own unhappy experience and warning him against the dangers of permitting the lawmakers to hold a special session.

Aside from a consideration of the issues involved in the Oklahoma

controversy, it would seem that some constitutional changes ought to be made whereby a special session can be called under extraordinary conditions to investigate the conduct of the chief executive.

One can sympathize with the efforts of Governor Walton to put a stop to mob violence in Oklahoma without approving of the high-handed methods he has employed to carry out his program. One of the basic principles of free government is that the civil power is superior to the military and that lawmakers are immune from arrest during the course of their legislative duties. Governor Walton's challenge to lawlessness is a military dictatorship.

No better argument could be advanced against mob lawlessness than that it gives a political demagogue an excuse to plunge an entire state into a reign of autocratic military authority. The real responsibility must lie at the door of those who participated in and countenanced illegal floggings in Oklahoma, for without this Governor Walton could have no pretext for his actions.

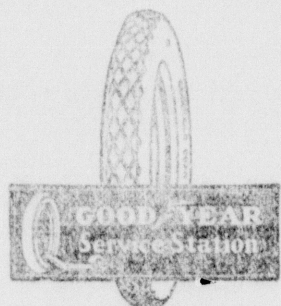

FOSTER'S WEEKLY WEATHER BULLETIN

Washington, Sep. 29, 1923.—This was a close guess: frost all about the great lakes Sept. 15; not much damage to late crops. Next frost is mapped for week centering on Oct. 10 and northern cotton shivers at the thought. Severe storms, most moderate of the month and frosts are expected during the week centering on Oct. 8. My charts indicate low temperatures in all sections near Oct. 7. The date for the great drought has arrived but these moisture shortages usually begin with small effects, increase for about five months and then suddenly the drought is broken. As November promises only one week or severe storms we may reasonably expect a moisture shortage for that month. First half of December promises radically severe weather, the oracles say that last half of December, including the holidays, and first half of January promise good weather.

Official scientists are badly mixed about the cause of earthquakes. The scientists are determined to be complex as to their theories, while old Nature is more determined to be simple. The force that operates the rotating and revolving bodies of the solar system is matter from outer dark space. The earth's electro-sphere condenses the matter within it, the electro-magnetic currents carry that condensed matter into vegetation that goes toward feeding and building the earth while the residual goes on to the sun where it is again condensed to feed and build the sun. The movement of that matter toward earth and sun is called electro-magnetism. That is the force that runs the machinery of the solar system, causes our thunder storms, other weather and changes and earthquakes.

I have advised some sections not to sow winter grain. I can say, positively, that winter grain will be seriously damaged in one-third, maybe one-half of North America. It is surely regrettable that such a vast amount of the best grain is to be wasted in sowing on soil that will get very little rain or snow. It is still more regrettable that one-third of all the crops of North America will be lost by a great summer drought during 1925.

The timber is going into paper and lumber and North America will go into desolation because of losing its timber. Our race, the people with light colored eyes, began to leave the highlands of Asia ten thousand years ago, because they had compelled the continuous drought by destroying the timber. They were forced to move westward and they destroyed Turkey.

THE sure-footed, long-wearing, All-Weather Tread of a Goodyear Cord is the best tire insurance you can have. The high, thick, sharp-edged blocks of that famous tread dig wedge-like through mud or snow to slipless footing, carrying on steadily or coming to a sure, safe stop.

At Goodyear Service Station Dealers are sold and recommended the new Goodyear Tires with the humped All-Weather Tread and buy them up with standard Goodyear Service.

an, Persia, Asia Minor, the Euphrates and Tigris valleys. In the same manner much of Europe has been greatly damaged. North America, by the woodsman's ax, is going down into the same valley of death.

When a total eclipse of the sun falls on ocean waters it creates anti-life which fills the waters with an abundance of fish food for three to nine months after the eclipse and fish from within 1,000 miles of the center of the eclipse shadow gather near where that shadow fell to feed on the newly created life and food. From Jan. 1 to July 1, 1924, many strange fish will gather near the western coasts of North America and be particularly noticeable in May, June and July. It will greatly benefit fishermen if they go to the ocean waters where the eclipse shadow falls. The fish follow those shadows as regularly as the shark follows the fish.

The McClaren "Mileage Strip"— what it is and what it means to you

A WIDE, continuous strip of solid rubber running through the center of the tread and around the entire tire—that is the well known McClaren "Mileage Strip."

The greatest wear on any tire is in the exact center of the tread. It is at this point that the tread wears fastest, as it comes in full contact with the road and receives all shocks. This is why the McClaren "Mileage Strip" was designed, and is embodied

in all McClaren Tires.

In the Autocrat Cord or the Allroad Fabric this "Mileage Strip" bears the load—prolongs the life of the tire and gives greater mileage.

Come in and let us show this construction of the McClaren Tire in detail—let us show you how the "Mileage Strip" makes both the Autocrat Cord and Allroad Fabric leaders of their class, in extra long life and extra mileage.

EXPECT BIG CROWD AT WICHITA FAIR

PLANS BEING MADE FOR OPENING OF ANNUAL TEXAS-OKLAHOMA EXPOSITION

A record attendance is anticipated for the Texas-Oklahoma Fair and Exposition to be held in Wichita Falls, October 1 to 7, inclusive. Everything is in readiness, and every exhibit and amusement feature is bigger, better, than last year, according to George D. Keith, president of the fair association.

Good roads and the excellent program of the fair is expected to attract people from a long distance. Large delegations from many towns and cities have made reservations at hotels of the city.

A million dollar livestock show is assured visitors. The entries in this department have doubled that of last year and still entries are being received. More than 1,000 fowls will be entered in the poultry show. There will be an exhibit of every kind of domestic animal of the farm and city. Water fowls and pets are to receive premiums and prizes along with the many other animal and fowl exhibits.

A \$500,000 art exhibit will be shown. Twenty-five masterpieces from the American Federation of Art, New York, will be shown to visitors to the fair.

The automobile and accessory show exhibits are valued at \$500,000. Practically every make of car will display 1924 models.

There will be running horse races. The thorough-breds being the best of the Middle-West circuit. Approximately 800 running horses will be shipped to this city to run in the races. Purses amounting to \$100,000 and additional added money will be awarded to owners during the fair.

The automobile races will be equal to anything of its kind ever seen in the southwest. Daredrill pilots of the north and east will compete.

OVERLAND SPRING BASE LENGTHENED

NEW MODELS SAID TO BE
FINER IN EVERY RESPECT
BY LOCAL DEALER

One hundred and thirty inches of Triplex spring base, a roomier wheel built body and a more powerful engine, with other special engineering features, are big factors in making the new Overland Sedan the easiest riding popular priced sedan on the market today. The ease with which the car may be handled, the flexible and sturdy motor, the beauty and artistic design and the best construction possible have thrust this car far ahead of others from the standpoint of popularity with buyers.

The new Overland sedan is a faster, finer car in every respect. For the one who likes plenty of room it is available for no other car of similar price on the market offers so large a rear seat for the motorist's comfort. Plate glass windows, operated by hand regulators, are used in the new Sedan. Crow ventilation, sun visor and dome light are a few of the features built into the car, each expressing a pleasing tone of distinctiveness which ownership only serves to increase.

Ask your tires, built for real service, are standard equipment for the new Overland Sedan.

R. D. ELLIOTT'S
LIFE SAVED

I feel that your preparations particularly Ferrasol, saved my life. I was advised by some of the best doctors in Dallas to have an operation for gall stones. I started taking Ferrasol and in one week time I could eat again. It cured me and I believe Ferrasol will cure any case of stomach or bladder trouble if taken properly.

Very truly yours, R. D. Elliott,
